<b>Marc H. Rudov, Author</b>	Worldwide authority on male-female relationships and men's rights. Author of two books and 70+ articles, and producer of 80+ podcasts, can be heard on top radio & TV shows around the country.
<b>Premise of Books</b>	Men <i>and</i> women are from <i>Planet Earth</i> , inherently similar, and want the same things. Alas, they have been socialized differently and programmed for conflict. Men have the power to end this nonsense today. Most don't have the balls to do it.
<b>News Hook</b>	Today's 50% divorce rate is fueled by pro-female, anti-male inequities in civil, reproductive, and custody rights, and by women's demands for equality in the workplace and privileges and deferential treatment outside of it. Men are fed up.
<b>Target Audiences</b>	#1: single, married men, 30-50; #2: single, married women, 30-50.
<b>Target Problem</b>	Women are raised with attitudes of entitlement; men are raised to protect, provide for, and rescue women. Guaranteed recipe for conflict and resentment.
<b>Solution of Books</b>	Mutual, peer-based, reciprocal relationships. Men must avoid women who demand and expect pedestals, deferential treatment, chivalry, and entitlements.
<b>Controversy</b>	Despite their amazing professional and financial gains, and their greater libidos, women still expect men to wine & dine them. This nonsensical, outmoded attitude drives all dysfunctional behavior between men and women.
